Hi Felipe,

Due to the construction cost increase, HSIP will add additional funding of \$522,580 as a post-programming change to deliver the construction of this safety project HSIP7-08-002. The total HSIP funding for delivering project HSIP7-08-002 is now increased to \$1,620,610 per the agency's request. Please coordinate with Matthew Sapp to process a cost adjustment for the additional funds.

Thank you always.
 Stay well and safe.
