

City of Riverside 2022-23 Redistricting

March 14, 2023

1

Overview

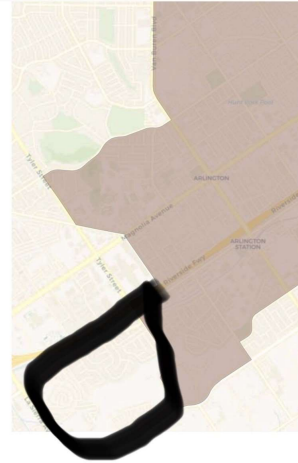

This presentation will cover the final three maps being considered by the City Council for adoption:

- COI testimony
- Final Draft Maps
 - A3
 - A4
 - D3 Modified

2

New Maps from the Public

- Email from constituent of Ward 5
 - Request to add onto Draft A3, Ward 5
 - No COI discussed in request
- About 7,000 live in that area
- This would put the overall deviation over 10% and would require other wards to be adjusted

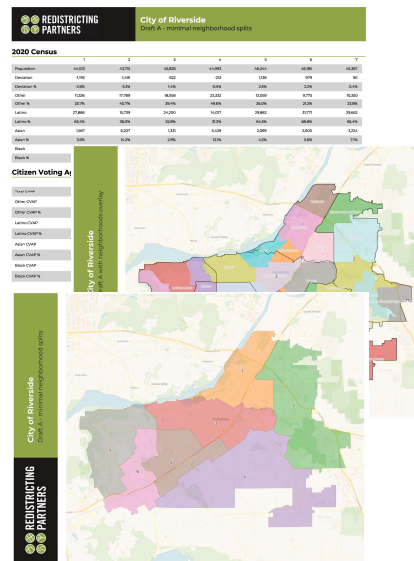

3

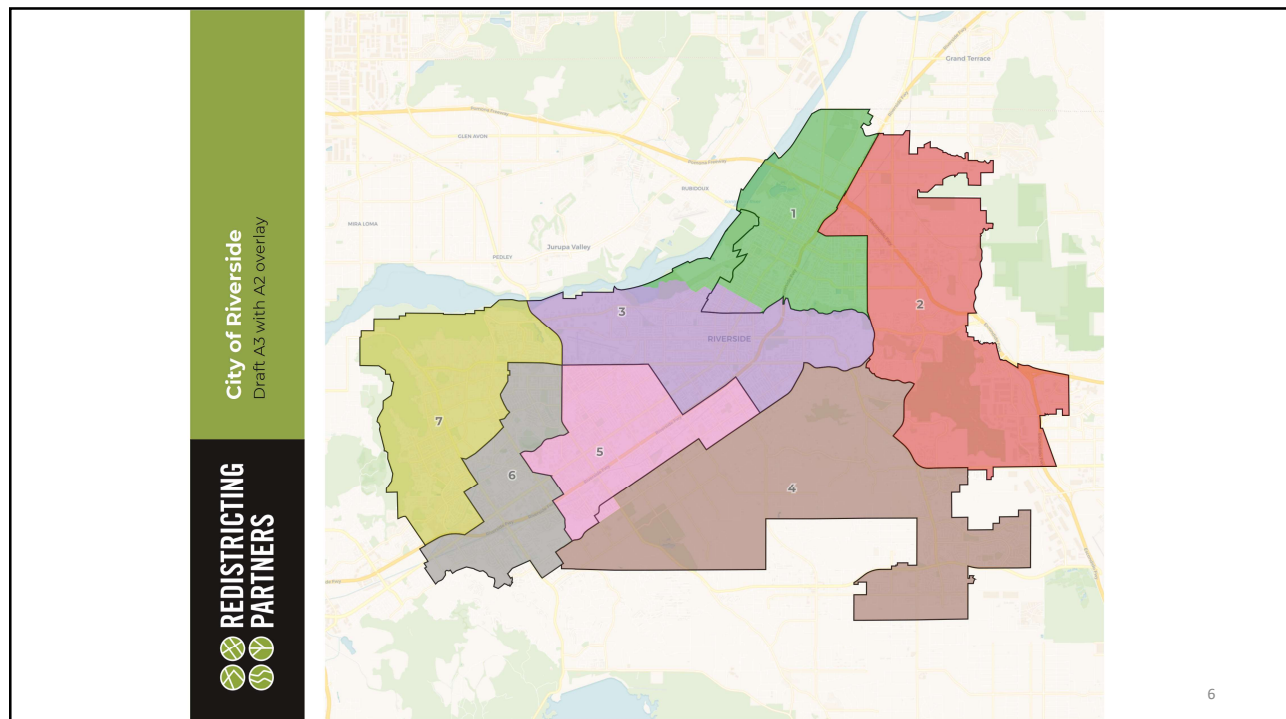

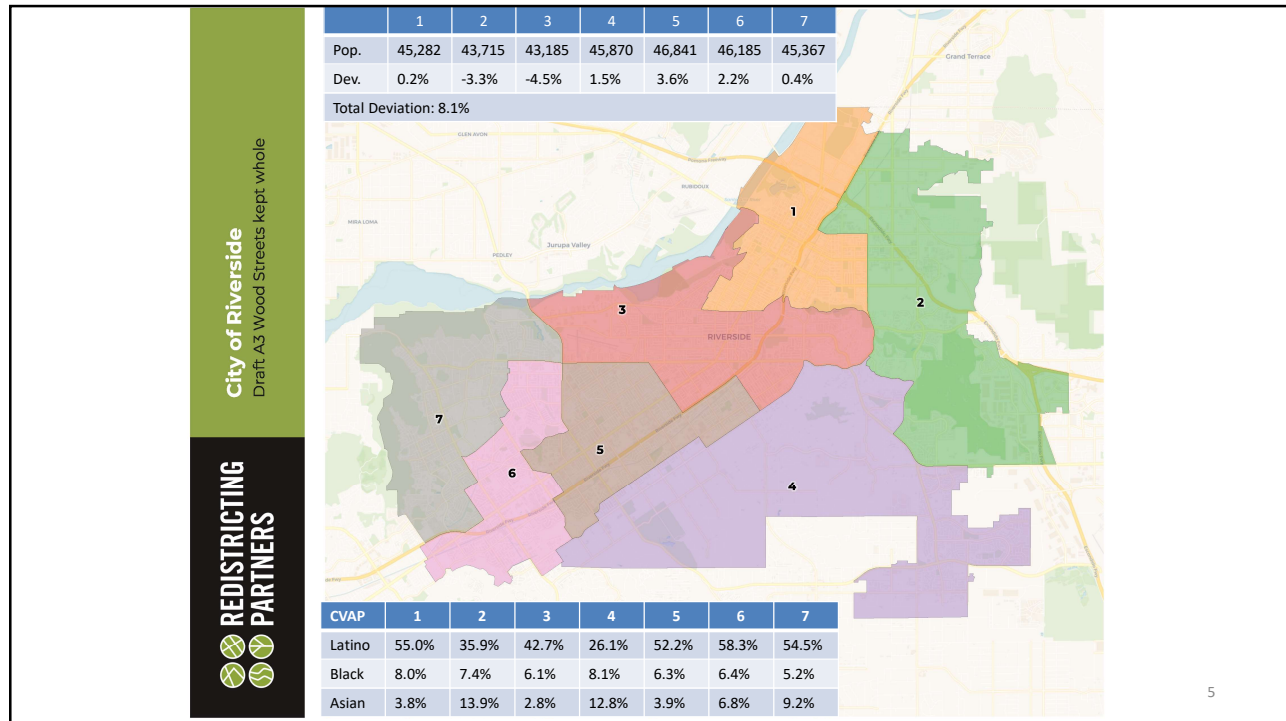

Maps to Review

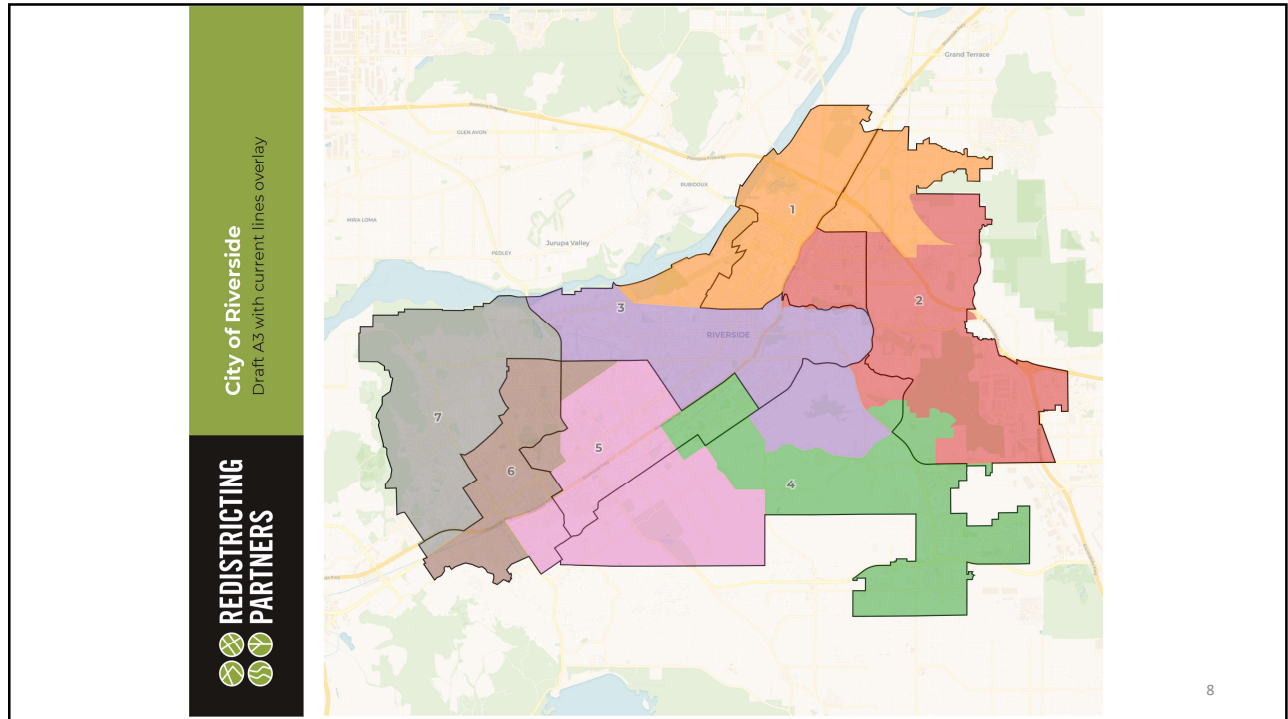

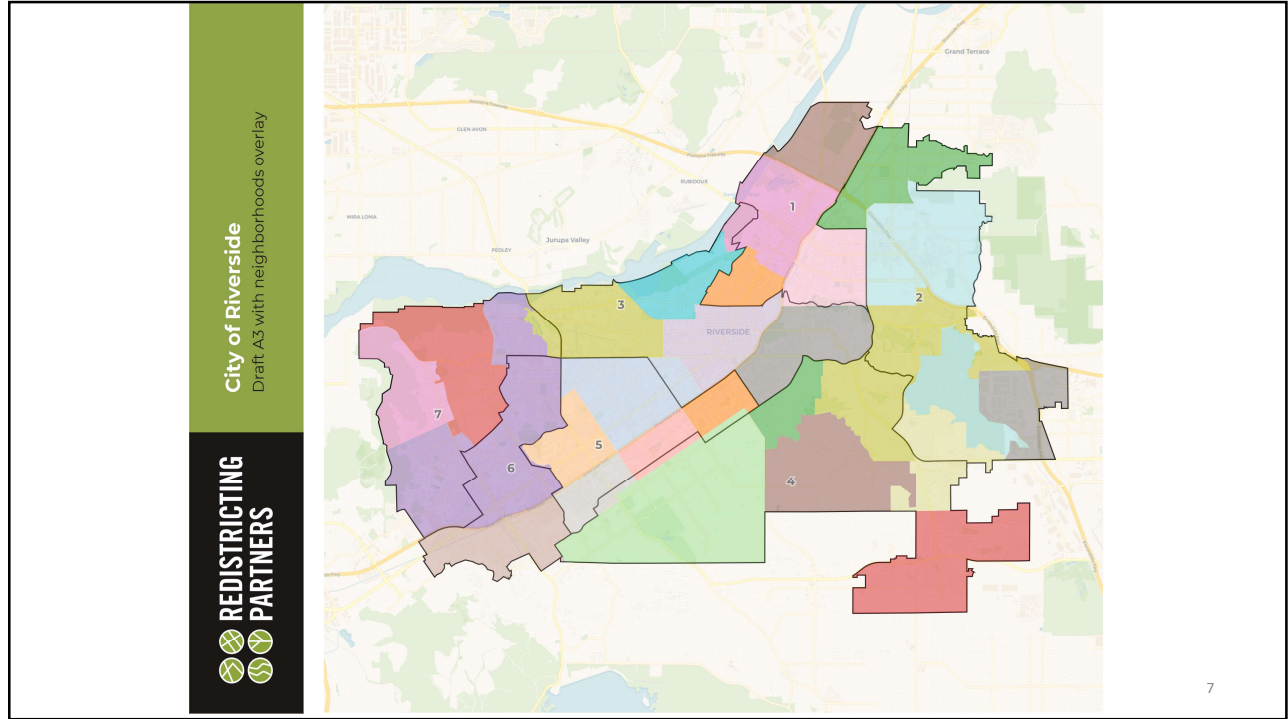

Draft A3

- 22 neighborhoods kept together
- 5 neighborhoods split (slight Downtown split due to an usual census block)
- This map was changed to include all of the Wood Streets neighborhood together
- A portion of Ward 5 in the Arlington South neighborhood was moved into Ward 4 to keep the total deviation under 10%

4

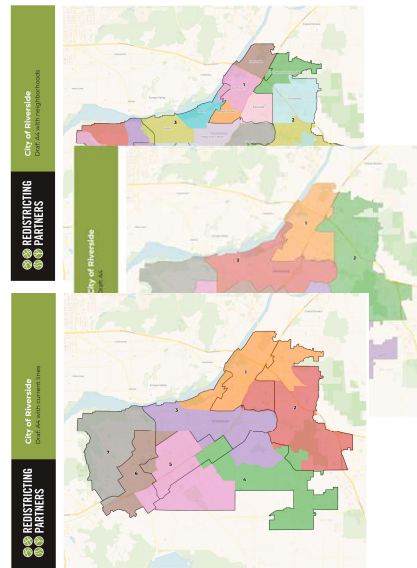

New Draft Maps

Draft A4 Modified

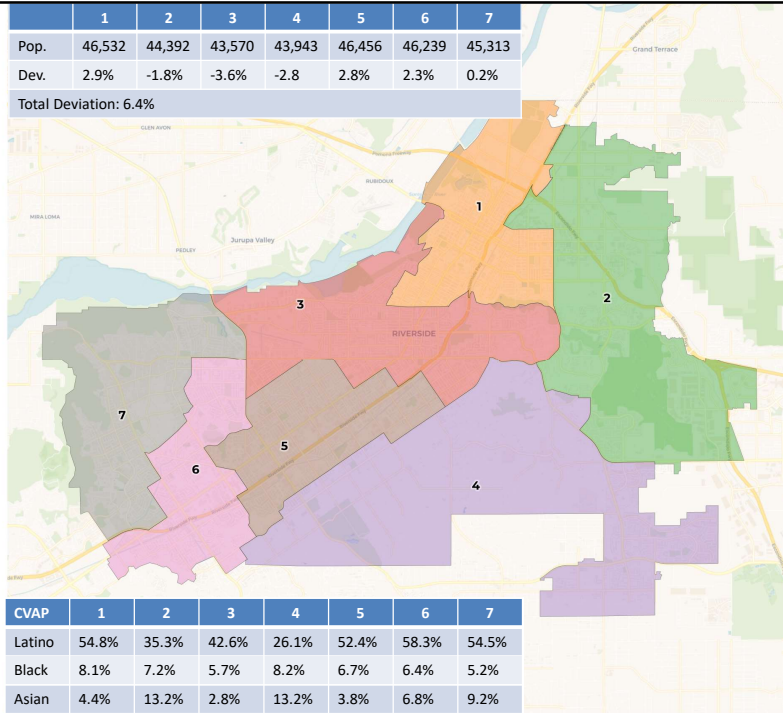

Changes made to incorporate community input:

- “BBRA A3 Modified”: Adds more of Magnolia Center with Casa Blanca
- “Draft D5”: Follows Draft D5 changes to Draft D to capture Northside COI in Hunter Industrial Park
- 19 neighborhoods kept together
- 8 neighborhoods split

New Draft Maps

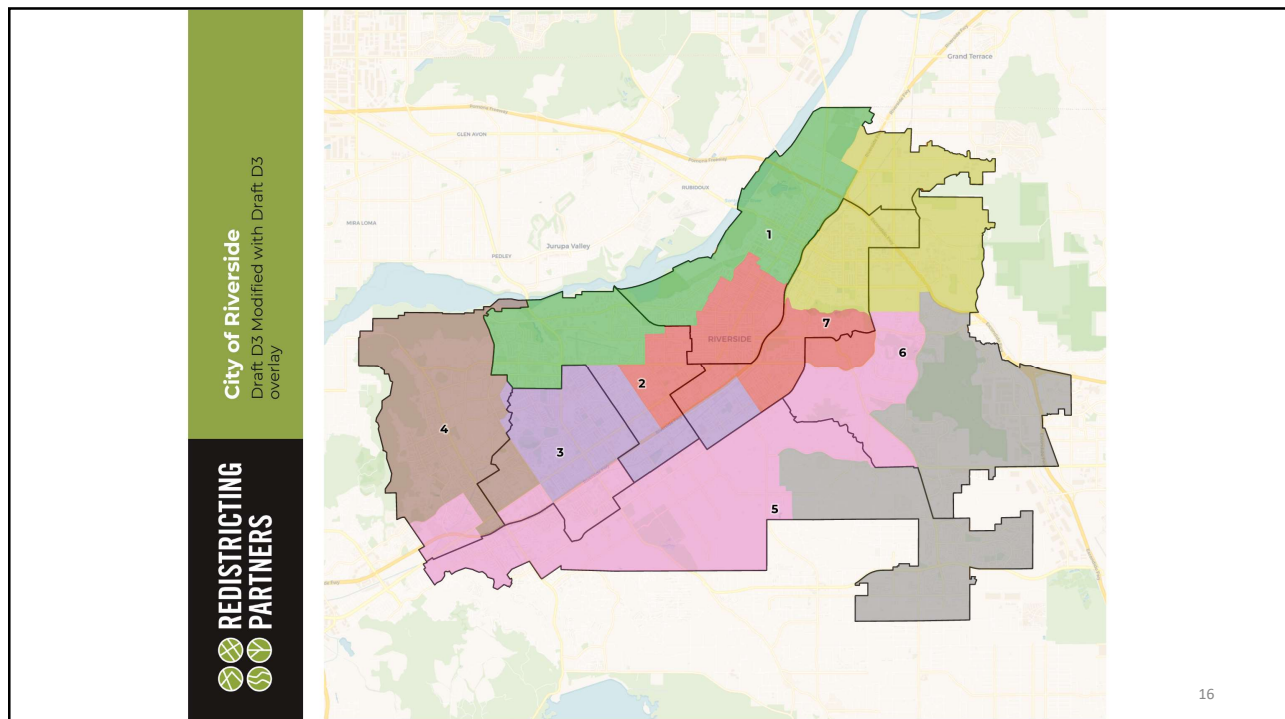

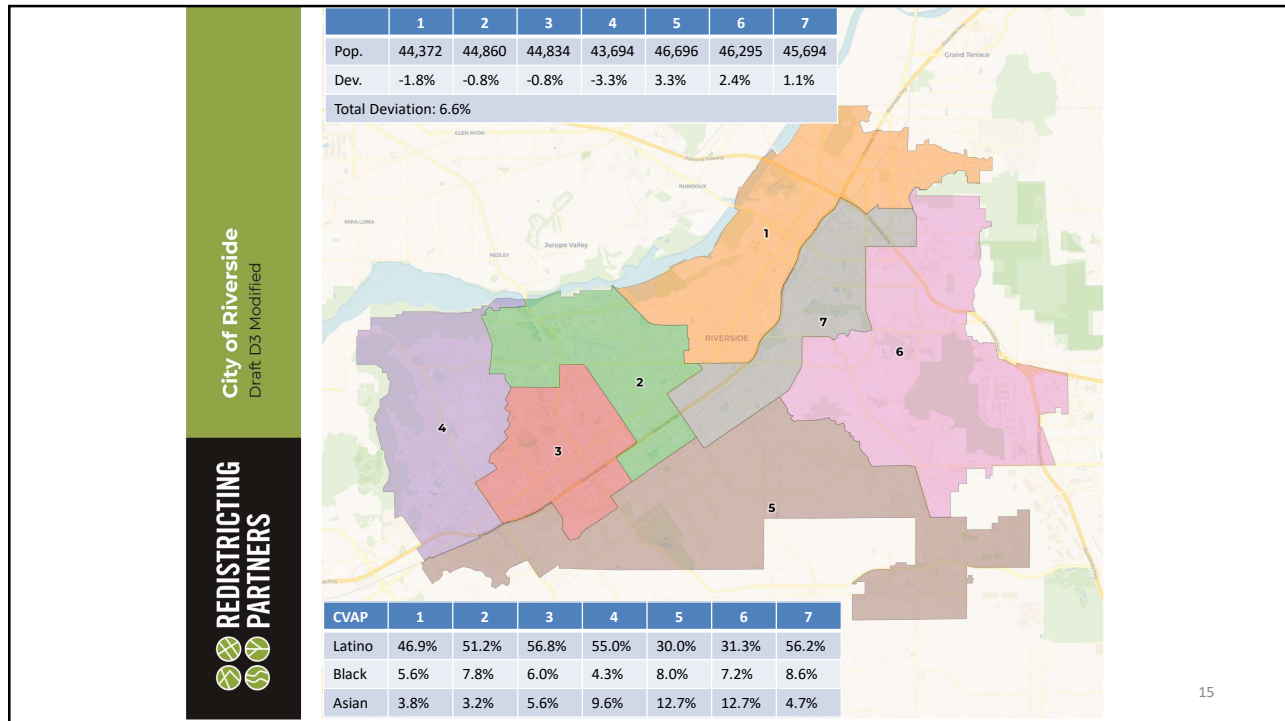

Draft D3 Modified

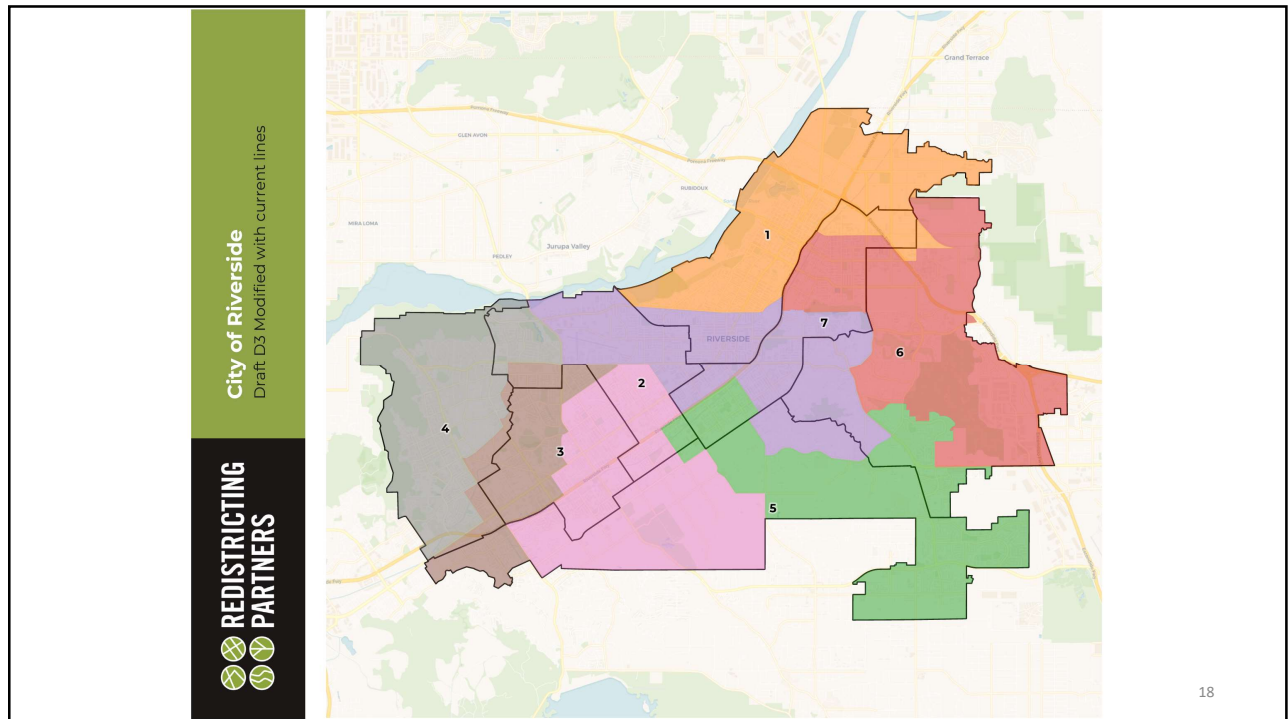

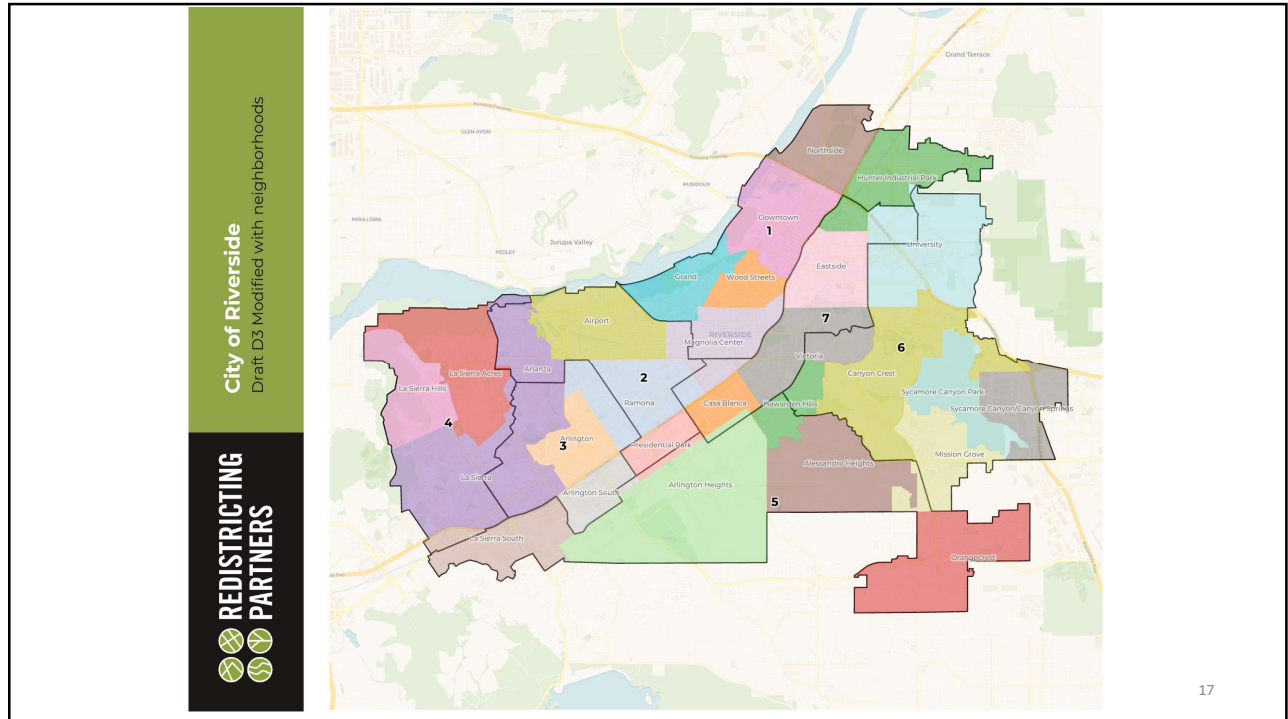

D series is based off of the original map submitted by the Brown and Black Redistricting Alliance

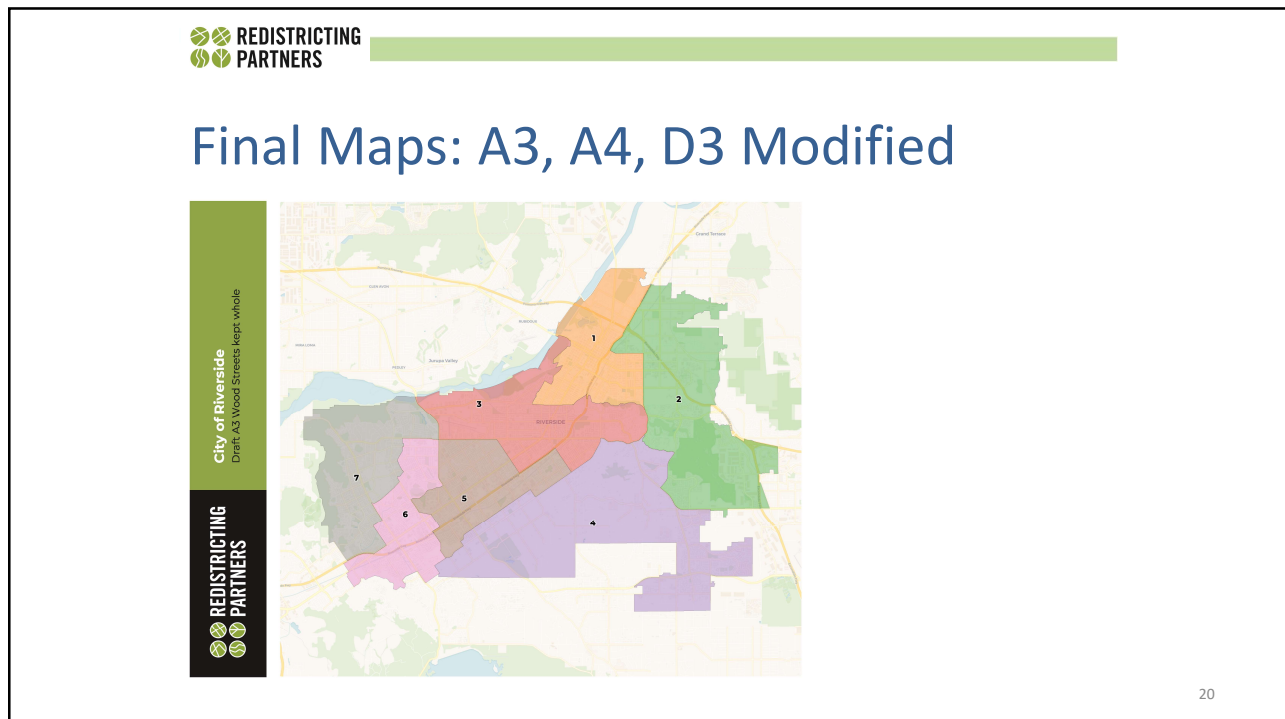

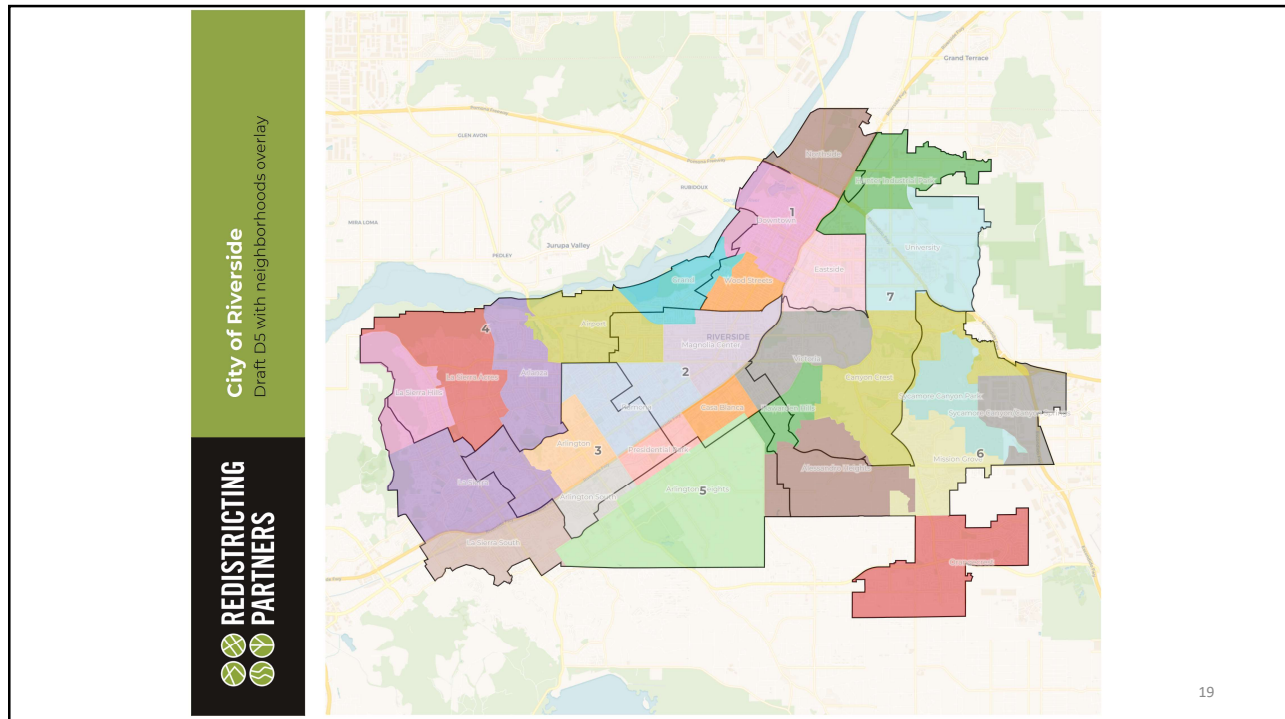

- Create more compact districts
- Ensure Ward 1 captures the Hunter Industrial Park COI
- Put the Eastside and Casa Blanca neighborhoods together.
- Ensure we maintain 4 effective majority minority wards
- Respect COI testimony and follow when possible
 - Casa Blanca received a portion of Magnolia Center and Ramona
 - Hunter Industrial Park COI added with the Northside/Downtown
 - Wood Streets remained whole and together

Are the lines easy to identify and understand? **	YES	YES	YES
Are the wards compact?***	YES	YES	Yes (Wards 2 and 7 are relatively less compact than other wards, but that was necessary to achieve four majority minority wards)

*The geographic integrity of any local neighborhood or local community of interest should be respected and included within a single ward for its effective and fair representation in a manner that minimizes its division.

**Council wards should be easily identifiable and understandable by residents.

***Council wards shall be drawn to encourage geographical compactness in a manner that nearby areas of population are not bypassed in favor of more distant populations.

****Please refer to the published draft map to identify the location of the numbered ward, as the numbers may not correspond with the current ward numbering sequence.
